INSURANCE BENEFITS AND PATIENT RESPONSIBILITY FOR FEES

Only your health insurance plan can describe your benefits to you or verify provider eligibility. The administrative staff will help you obtain this information from your health insurance plan, but you must contact the health insurance plan directly for verification. If charges are denied by a health insurance plan they become entirely your responsibility, even if you had understood from your health insurance plan that the charges would be paid by them. If you fail to provide accurate information on all your insurances, you will be responsible for all the denied charges. Charges will be due in full immediately upon any denial by the insurance company. Additional service fees may apply.

FEES AND PAYMENT

Fees are subject to change. Payment for charges not covered by your health insurance plan (including co-payment, co-insurance, and deductible amounts) is due in full at the time of service. Fees will be charged and have to be prepaid on any paperwork done on behalf of the patient. Please telephone the clinic directly with any questions or concerns about your account payments and fees.

UNPAID BILLS

It is important that you discuss with us any financial hardship that you may have. Doing so may allow us to arrive at a mutually agreeable payment plan that allows the continuation of your treatment. If this cannot be accomplished, seriously delinquent accounts may be referred to a collection agency and we may have to terminate our relationship as provider and patient. Information necessary to effect collection will be released to the collection agent. . Submission to a collection agency will entail a service fee of 30%. Should it become necessary to file suit in this context, you agree to pay reasonable attorney fees. Accounts over 90 days past due will be sent to collections. It is the responsibility of the patient to ensure his/her account is settled in the timely 90-day manner.

If the medication needs refilling, it is required to contact the clinic one week in advance. Prescriptions that are misplaced or stolen cannot be replaced.

In order to give you the safest treatment at the clinic we access any pharmacy information on your medications (including what other providers prescribe) and use any medical source possible to ensure we have an accurate and current list of your medications. You must keep your provider here updated on all medication changes that occur. We also discourage seeking scripts that you obtain here from other providers due to the safety issues that may cause.
